• In the horse world good siblings usually tend to multiply, that is the case with this palomino. Two full brothers are excelling with the Berning Ranch in Iowa, and this guy is following in their footsteps. Has seen the trail, gathered cows, will work a gate, and knows the rope. Very gentle and should work with most riders. Was wire cut on a back foot as a colt, but we back his soundness 100%.

• Cowgirls and old men like me who don't want a big horse to climb on, don't let this shiny black guy get away. He is gentle and broke, broke, and broke. He knows cattle and the rope, and is smooth to ride. If I could still ride, he would never leave the ranch. Notes

If you're heading for the sale from the south and plan on going through White City, take highway 77 north up to Woodbine. Take G Avenue east and it will take you to White City. This will get you back on hwy 4.

We'll always have our annual production sale, but we **sell bulls private treaty all year-round**. Whether it be Horned Hereford or Angus, our registered spring herd's quality matches our fall program and shares most of the same genetics. If you find you're short on bulls or fall breeding rolls around, give us a call. **Thanks for joining us sale day. - AK**
