OLEEN BROS.
PRODUCTION SALE:
March 23rd, 2026 @ NOON
Dwight, KS

Terms: Sales are processed through cash or check. Each animal will be sold to the highest bidder with the auctioneer settling any disputes as to bids. Announcements from the auction block take precedence over printed matter. **A base price of \$3,000 will be set on all bulls.** All persons attending the sale do so at their own risk, and owners assume no liability, legal or otherwise, for any accidents.

Cattle Health: All cattle are guaranteed breeders. Heifers have been calfhood vaccinated and have received all their shots. All bulls will be vaccinated for leptospirosis. All bulls are AMF, NHF and IE free. Bulls can be trich tested to meet state requirements. Official health certificates can be supplied if requested.

Breeding Performance: KABSU Manhattan will semen test and take scrotal measurements on all bulls. Fall bred Heifers will be preg. checked.

Bull Guarantee: 90 day breeding season guaranteed. NO FINE PRINT.

Some breeders want to replace a bull instead of giving credit when a bull goes bad, saying that forces a customer to buy again. How can that breeder replace a bull of like kind and value in the middle of the breeding season when his replacement bulls have been picked over? We let our customers use a bull to get them through the breeding season and then use their credit to buy a bull of their choice, not a replacement bull that they didn't want in the first place.

Delivery: Free delivery 300 miles on purchases of \$3,000 or more to central points.

• Retaining this home-grown sire would have been a smart move with the way his sons are put together. After being used on a set of top cows, he was sold to John McDonald in our 2024 sale. • JAK ## – M479 wasn't born until December so don't hold that against him. Dam was bought from Mead Farms in Missouri. He is a heifer bull.

Cattleman Bill tells his wife, Mabel, that he is going to a sale to buy a bull.

She asks him how much? He tells her \$6,000. Cattleman Bill comes home and tries to sneak past Mabel working on supper. No luck for Cattleman Bill because Mabel asks, how much? Cattleman Bill softly says \$7,000.

“\$7,000” Mabel snaps, and not softly at all!

Cattleman Bill shrugs, “But honey . . . I only bid twice.”

“Good Lord Bill, that’s a thousand-dollar jump.”

When your high profile hereford bull decides to jump the fence and breed one of your favorite angus cows it makes you think twice about cutting the calf. "B.O.B." is definitely a happy accident that just might be the start of something new on the Oleen Brothers' Ranch. This bull is full of maternal strength both on the top and bottom of his pedigree. Cattle numbers are low right now and this bull has the foundational traits to build up and improve any cow herd. Keep every heifer calf of his you can and sell steers with proven performance.

"If you were to combine the best qualities of a Ford truck and the best of a Chevy, you would have the "B.O.B." of trucks. Breed Horned Herefords to Black Angus and get The Best of Both Worlds." - Arden

• This mare's colt was held out of last year's sale due to young age – not quality. She is double Wilywood on the bottom side and carries Sunfrost influence, stacking proven ranch and performance blood. A strong broodmare prospect with depth in her pedigree. Bred to JAK Mr Dr Badger.

• Not the biggest colt in the sale, but the best horse I ever trained and used was overlooked in our sale for being too small. Sometimes there's diamonds in the rough, and this guy could be it. His pedigree features some historical JAK staples of quality.

Lot 15H and Lot 1H.
